## STEM in Action: Introduction to Golf Excursion for High School and College Students

Since 2023, Status Golf Canberra has proudly hosted our Introduction to Golf Excursion — an engaging, curriculum-aligned experience that introduces students to the science, technology, and problem-solving behind the game of golf. Following the success of the program with numerous school groups, we are pleased to extend this opportunity for the remainder of the 2025 school year and into 2026.

As Canberra's only premier indoor golf centre, Status Golf provides a safe, inclusive, and interactive environment where students can explore how STEM principles apply to sport. Using our advanced golf simulators, students gain hands-on insight into the physics of motion, mathematics of angles and velocity, and the technology used in modern performance analysis.

### Program Highlights

- STEM-based exploration of golf simulation technology — cameras, sensors, and precision software.
- Hands-on session applying physics and maths in a fun, measurable way.
- Real-world link between data analysis, teamwork, and performance improvement.
- Safe, inclusive environment supporting wellbeing and engagement.
- Encourages curiosity in technology, motion science, and data analysis within a sporting context.

### Program Details

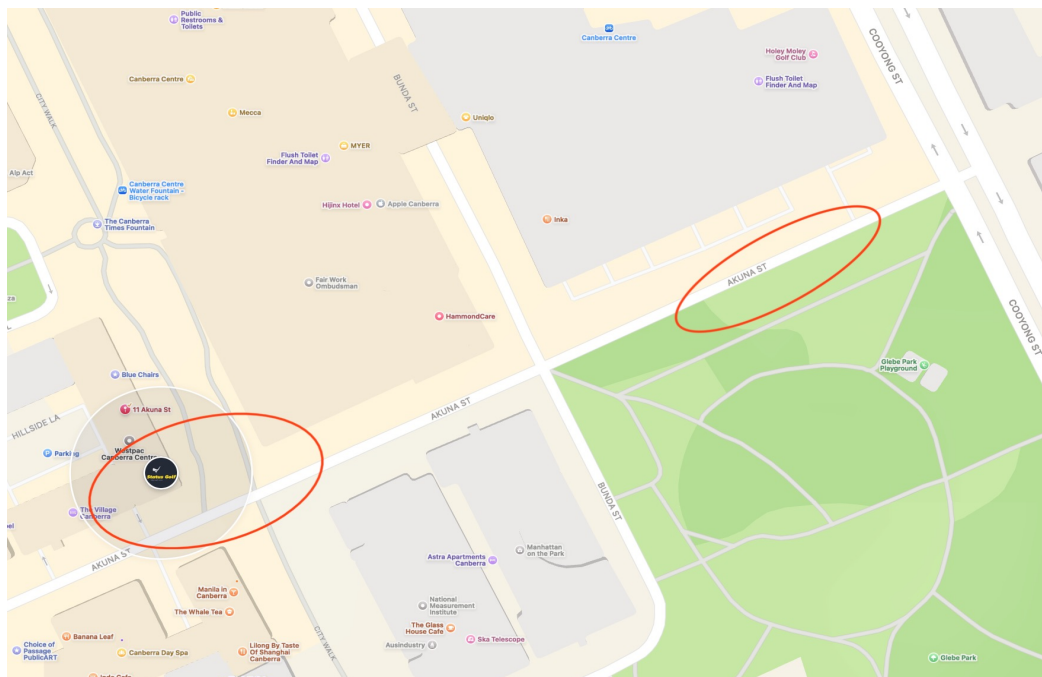

- Availability: Mondays to Thursdays during the school term
- Start Time: 10:00 am tee-off (bookings essential)
- Cost: \$33 per student
- Light lunch provided
- Duration: 1 hour at Status Golf
- Experience Level: No prior golf or STEM experience required

## Learning Outcomes

- Understand how science and technology enhance learning and performance.
- Apply mathematical reasoning to interpret data and angles.
- Explore real-world STEM applications in motion, measurement, and problem-solving.
- Develop teamwork, focus, and analytical thinking.
- Connect classroom theory to engaging, hands-on experiences.

## Supervision & Requirements

- Maximum of 24 students per session (6 players per simulator).
- Teacher or staff supervision required throughout.
- Schools arrange their own transport to and from Status Golf.
- Students must wear covered shoes and comfortable attire (e.g., PE uniform).
- All Status Golf staff hold current Working with Vulnerable People registration.
- Bus & coach parking available on Akuna St opposite Glebe Park approx. 2 minutes' walk to Status Golf.
